

New Mexico Coal

San Juan Mine

Panel Layout & Pilot Mine

Driving Directions

- Travel north from Albuquerque on I-25 to Bernalillo (19 miles).
- Take Exit No. 242 toward Cuba and Farmington. Turn right at the light on the exit ramp. You will be on US-550,
- Follow HWY 550 north through Cuba and on to Bloomfield, NM. (145 miles)
- Turn left at the first traffic light in Bloomfield and travel west toward Farmington. You will be on Hwy 64.
- Follow HWY 64 in to Farmington (10 miles). HWY 64 becomes Murray Parkway and will merge with Broadway to become HWY 64 West.
- Turn left on Broadway/HWY 64 toward Kirtland & Shiprock.

To get to the mine

- Broadway becomes Hwy 64 as you leave Farmington.
- Travel west toward Kirtland & Shiprock for approximately 16 miles.
- Turn right on CR 6800 and head north toward the power plant.
- Just before reaching the security station at the power plant, turn right at the sign marking San Juan Mine. Proceed to the security post and pull off onto the right lane. Security personnel will provide instruction from that point.
- Turn right on CR 6800 and head north toward the power plant.
- Just before reaching the security station at the power plant, turn right at the sign marking San Juan Mine. Proceed to the security post and pull off onto the right lane. Security personnel will provide instruction from that point.

The map below describes how to get from Farmington to the mine.
